# THE FLORAL POWER

[www.litsara.com](http://www.litsara.com)

## *The floral power of Sarawak's nature*

Sarawak's newly launched NatureSara® is not your basic set of lotions and body oils. It is a precious ode... One originating from the rainforest of Borneo, an enchanting place filled with natural troves. In particular is the perfumed garden of Paya Maga in Lawas, a highland plateau that is rich with numerous species of flora and fauna.

After years of exploration in Paya Maga, Sarawak Biodiversity Centre (SBC) has developed a Nature Identical fragrance from the natural scents of Sarawak's biodiversity into NatureSara® personal care products. Reconstituting scents from nature is made possible based on a headspace technology pioneered by fragrance chemist, Roman Kaiser at Givaudan, a Swiss fragrance and flavour company.

Lightweight, non-greasy, and quick-absorbing, these NatureSara® products from Sarawak smell amazing, and are formulated with extra-nourishing ingredients your skin needs. You'll be left with a velvety smooth skin in no time, making this collection great go-tos and must-haves in your vanity.

## NatureSara® HEDYCHUM LOTION (60ML)

Calmingly tropical, Hedychium lotion brings a slightly masculine aura that is bursting with earthiness. Combining the power of Sunflower seed oil and Grape Seed oil, this lotion hydrates quickly, and dries down to a non-greasy finish.

## NatureSara® MAGNOLIA LOTION (60ML)

Inspired by the sweet and floral scent of *Magnolia champaca* flower, this is a lightly fruity lotion perfect for the young at-heart. Easily absorbed, this lotion leaves your skin feeling silky and velvety. A bottle of this Magnolia Lotion is like a summer day; cheery and easy-to-wear all year round.

## NatureSara® BELLINA LOTION (60ML)

Exploding with elegance, Bellina is a pretty vanilla-like scented lotion. One whiff and you're reminded of the State's flower, an orchid unique to the Land of the Hornbills. This lotion has a rich moisturising power, as the skin is left feeling soft and deliciously scented.

## NatureSara® CANANGA LOTION (60ML)

Shake things up with the delicate scent of Cananga. Refreshing and floral, Cananga also boasts a hint of citrusy fragrance, suitable for the romantic gentle lady. The nourishing lotion melts on your skin upon application, leaving your skin feeling incredibly soft and smooth.

## NatureSara® BORNEO BREEZE BODY OIL (60ML)

Untangle all those stress knots with NatureSara® Borneo Breeze Body Oil. This powerful concoction of LitSara® fruit, cinnamon, peppermint, and lemon essential oils can evoke an unmistakable fresh air of the tropical Borneo Rainforest. The moisture-rich oil soaks in the minute you massage it on, making the application a breezy one!

## NatureSara® FOREST SERENITY BODY OIL (60ML)

At a time when getting out there is hard, bring nature home. NatureSara® Forest Serenity Body Oil holds the power to transport your mind, body and soul into the tranquil Borneo Rainforest. The divine blend of lemon, patchouli, ylang ylang and lavender essential oils in this body oil not only rejuvenates the body, but also brings you peace of mind. It smells like an absolute dream, it hydrates wonderfully and it absorbs quickly.

## NatureSara® BIODEGRADABLE WET WIPES

Made with 100% renewable plant fibre, these are eco-friendly wet wipes perfect for everyday use. NatureSara® biodegradable wet wipes expertly cleanses, refreshes and cares for your skin, with ingredients such as Aloe Vera, followed by nourishment with Vitamin E. The wipes are infused with *Aglaia odorata*, a pleasant floral scent found in the Borneo Rainforest.

## *Handpicked for your loved ones*

Gifting hand lotions and body oils is always a splendid idea, especially when they're as heavenly-scented as these products from NatureSara®. This Valentine's Day, delight your loved one with a handpicked gift set from NatureSara®, a personal care line from Sarawak Biodiversity Centre infused with Nature Identical scents of the exotic Borneo Rainforest.

Whether your partner, your mother, or your sister, this handpicked gift set will take them on a trip through the perfumed garden of Paya Maga in Northern Sarawak, which inspired the creation of these Nature Identical scented products. Presented in a packaging that evokes intimacy and romance, they're the perfect gift not only for Valentine's Day, but also wedding anniversaries and birthdays.

The set contains all four 60ml hydrating NatureSara® lotions (Bellina, Magnolia, Hedychium and Cananga), two 60ml nourishing NatureSara® body oils (Borneo Breeze and Forest Serenity), as well as a pack of eco-friendly NatureSara® Biodegradable Wet Wipes.
